*To all of our valued clients, I would like to take this opportunity to once again welcome you to browse our lovely annual catalogue. Without any need to talk about Covid, I will instead talk about the massive changes that we have undergone with Kalmar Antiques.*

*To begin with, we have recently not only renovated our store in the historic Queen Victoria Building, but also expanded by taking the store next door. With this larger space, we have put in not one, but four workspaces, including a brand new state of the art watchmaking and polishing workshop.*

*We welcome Lorenzo the former watchmaker at Rolex to our team, who can service not only Rolex watches, but all other brands including pocket watches, now all done on site.*

*The changes haven't stopped with the physical store, as we have also updated our website, which looks as amazing as the new store.*

*And now for what is in store when you browse through this year's catalogue, which is the largest that we have ever put out at a whopping 54 pages. We have a vast range of lockets this year, as well as pique earrings, retro rings from the 1950s and suffragette jewellery, along with many more fabulous pieces.*

*On behalf of all of us at Kalmar Antiques, I wish you all the best for 2023 and welcome you to visit our store on the top floor of the Queen Victoria Building, Sydney, or our website [www.kalmarantiques.com.au](http://www.kalmarantiques.com.au)*

*Kind regards, Marlene Kalmar*
